

Brice Barnes  
General Manager  
Custom Weld Boats  
711 Snake River Ave.  
Lewiston, Idaho 83501

Dear Brice,

I would like to thank you and your entire staff for the very successful completion of our 44' Custom Weld boat. Although it was not your typical project to build a boat with a drop down ramp capable of carrying a 18,000 pound sewer cleaner, you and your staff never hesitated for a minute in your willingness to take on such a project. As a result we have received a boat that far exceeds our expectations; the craftsmanship and performance of the boat is outstanding, your courteous, professional and responsive customer service is truly first class. It has been a pleasure doing business with your company and we would not hesitate to do so again. Thank you once again for a great job.

Sincerely,

A handwritten signature in black ink that reads "Dale Caza". The signature is fluid and cursive, with a long horizontal stroke at the beginning.

Dale Caza  
Operations Manager  
Payette Lakes Recreational Water and Sewer District
